Children often receive care and support from different family members and friends. We now have a basic family tree, which includes a child's closest biologically related relatives such as their parents, grandparents, aunts, uncles, and siblings as well as other people who provide support. It includes people who have died as well. Below we will ask some questions about the NaN of 's closest family members and friends mentioned here.

» KST Member Information

Begin the “loop” by specifying which KST member we are talking about. The following questions will be asked about each member of the KST.

What is the name of the KST Member to which the following questions will refer?
